.....
L.E.A.
New School

When a child moves to another school this card should be returned to the Director of Education and not sent directly to the new school.

EXPLANATORY NOTE.

This child was enrolled at birth in a national survey of the health, growth and development of children. With the help of his parents and of health visitors, school nurses and teachers, a detailed account has been obtained of his health during the first nine years. In particular, valuable information was provided last year by the record of his school absences, and the Joint Committee hope that these records will be continued in the present year. The value of this enquiry largely depends on information being given for each one of the 6,000 survey children and we are therefore most anxious that this child should be included and that all periods of absence should be entered on this card.

This absence record card covers the 1955-6 school year and should be kept at the school during the whole of this period unless the child moves to another school when it should be returned to the Director of Education.

N.B.—Include absences from all causes (sickness or other).

Absence Marks—Morning / Afternoon \ All day X School Closed O
