

Library	Description	Year
ACEIII15	ACE-III cognitive examination	2014-6
ACRPain14	Chronic or widespread pain	2014-6
Actiheart09	Derived actiheart activity data	2006-10
active8215	Summary of leisure activity	1982-2015
AdultMH	Adult mental health, recoded for topic basket	various
age	Age at various contact points	various
AgeAtQ09	Age at completion of the 60-64y sweep	2006-10
Age_at_quest14	Age at completion of the 68y sweep	2014-6
Age_at_quest15	Age at completion of the 69-70y sweep	2014-6
Alcohol09	Alcohol consumption and habits	2006-10
Alcohol14	Alcohol consumption and habits	2014-6
angina82	Rose angina questionnaire score	1982
angina89	Rose angina questionnaire score	1989
angina99	Rose angina questionnaire score	1999
AnginaClaud09	Angina and claudication, postal questionnaire	2006-10
AnginaNurse09	Angina and claudication, nurse visit	2006-10
AorticCalc09	Abdominal aortic calcification	2006-10
atopy	Atopy (allergies)	1999
AttitudesToAgeing14	Opinions on the ageing process	2014-6
b01	Employment variables	1977
b02	Childhood habits and careers guidance,	various
b03	Health complaints and household amenities	various
b04	Hobbies, friends and possible job after leaving school	1969-61
b05	Schooling, playtime activities, nightmares	1946-61
b07	Occupation industry variables, year unknown	unknown
b10	Household composition	1982
b11	Marital history and spouse's education and employment	1982
b12	Living abroad and details of childrens' birth and school	1982
b13	Parental death and housing	1982
b14	Common health complaints: study members and parents	1982
b15	Chest complaints, cancers, some employment	1982
b16	Employment variables	1982
b17	Employment variables	1982
b18	Clubs, societies, life events	1982
b19	Smoking, diet, religion	1982
b20	Physical examination tests	1982
b21	Leisure activites and pastimes	1982
b22	Leisure activites and pastimes	1982
b23	Sports activity	1982
b24	Sports activity	1982
b25	Everyday physical activities	1982
b26	Disabilities and everyday difficulties	1982
b27	Present State Examination	1982
b28	Employment and social class	1982
b29	Employment history and reasons for change	1982
Big5Personality14	Testing for the big five personality traits	2014-6
Biomarkers09	Biomarker levels	2006-10
BloodPressure15x	Blood pressure and pulse measurement	2014-6
Bloods15	Common blood tests	2014-6

BloodSample15x	Information on the taking of blood	2014-6
Blood_Urine09	Blood and urine test results	2006-10
BodyPain14	Locations of physical pain	2014-6
BodySize09	Anthropometry measures	2006-10
BodySize15	Anthropometry measures	2014-6
BoneShape09	Hip and spine morphologies from dexa scans	2006-10
BP09	Blood pressure and pulse measurement	2006-10
Cancer09	Cancer locations	2006-10
capi99a	Main 1999 data collection	1999
Caring09	Provision of caring responsibilities	2006-10
ChildGrandchild09	Children and grandchildren	2006-10
ChildhoodMH	Childhood mental health, recoded for standard basket	various
CLINDIS09	Suffering from a range of clinical disorders	2006-10
ClinDisLtnt09	Clinical disorders, latent classes	2006-10
CLINDIST09	Derived summary score for clinical disorders	2006-10
ClinicalDisorders15	Derived summary score for clinical disorders	2014-6
cog89	Cognitive test scores	1989
cognition	Summary childhood cognitive function scores	1953-9
Cognition09	Cognitive test scores	2006-10
Cognition15	Cognitive test scores	2014-6
Cognition1999	Cognitive test scores	1999
cognition_2	Standardised summary childhood cognitive function scores	1953-9
cognition_abnormal	Dyslexia status	1957
cog_ad	Adolescent internalising and externalising problems	1959-61
coleman_lclass	Coleman mental health latent classes	
Cortisol09	Cortisol testing	2006-10
CVDEvents09	Cardiovascular events	2006-10
CVDEvents14	Cardiovascular events	2014-6
CVDProbs09	Cardiovascular problems	2006-10
CVDTESTS09	Cardiovascular tests	2006-10
cvd_bloods	Common blood tests	1999
cvd_bloods_metab	Blood tests and metabolic syndrome	1999
cvd_bp	Various blood pressure measurements	1999
cvd_medication	Taking anti-hypertensive medications	1999
d01	Height, weight and BMI	various
d02	Smoking history	various
d03	Education tests: ages 8, 11, 15, 26	various
d03x	Sex and demographic inflation factor	1946
d05	Circulatory measures and illnesses, parental too	1982
d08	Houshold composition	1982
d09	Birth weights of children	various
d10	Derived 1989 work variables	1989
de89c	Disability supplementary questionnaire	1989
de89d	Full 1989 main questionnaire	1989
des99	1999 self-completion questionnaire	1989
DEWH00	Women's health questionnaire,	2000
DEWH032	Women's health questionnaire,	2003
DEWH051	Women's health questionnaire, surgical menopause update	2005
DEWH93	Women's health questionnaire,	1993
DEWH94	Women's health questionnaire,	1994
DEWH95	Women's health questionnaire,	1995

DEWH96	Women's health questionnaire,	1996
DEWH97	Women's health questionnaire,	1997
DEWH98	Women's health questionnaire,	1998
DEWH99	Women's health questionnaire,	1999
diabetes	Diabetes	1999
DIABGP09	Diabetes	2006-10
DietaryChoices14	Milk, bread, fruit, vegetables consumed	2014-6
DietDFG09	Diet diary data	2006-10
DIETFGRP5009	Full diet diaries	1950-2010
DIETPRE09	Milk, bread, fruit, vegetables consumed	2006-10
DietSup09	Dietary supplaments used	2006-10
DXA09	dual energy X-ray absorptiometry (DXA) bone density	2006-10
ECG09	Electrocardiogram (ECG) heart readings	2006-10
ECHO09	Detailed cardiac ultrasound measures	2006-10
EconomicCircs09	Economic circumstances	2006-10
EmotionalSupport09	Contact with friends and relatives	2006-10
EPAQ2File109	Leisure time physical activities	2006-10
EPAQ2File209	Derived leisure time physical activities	2006-10
Epilepsy82	Epilepsy	1982
Epilepsy99	Epilepsy	1999
EVDAYTSK15	Difficulties with everyday tasks	2014-16
EverDiabetes09	Ever diagnosed with diabetes	2006-10
Exercise14	Leisure time physical activities	2014-16
Falls14	Falls, slips and trips	2014-16
Fatigability14	Level of fatigue resulting from various activities	2014-16
FertilityRec	Fertility variables for the standard topic basket	various
FitsAndEpilepsy09	Fitting and epilepsy	2006-10
Fracture09	Broken bones	2006-10
Fracture0914	Broken bones (a combination of Fracture09 and Fracture14)	2006-14
Fracture14	Broken bones	2014-16
FRACTURET09	Broken bones (derived)	2006-10
Frailty09	Frailty measures and summary scores	2006-10
GP_consultation14	Frequency of visiting the GP	2014-16
GRIP99	Hand grip	1999
HandExam99	Hand examination	1999
HandExamDer99	Hand examination (derived)	1999
health99	General health questions	1999
HealthBehaviours15	Smoking, drinking and exercise	2014-16
HealthChecks14	Regular health check-ups	2014-16
HomeOwnership14	Home ownership status	2014-16
Homocysteine09	Homocysteine concentration	2006-10
HOSPADMISS09	Hospital admission variables	2006-10
HospAdmitValid09	Hospital admission validation variables	2006-10
HospitalAdmissions14	Hospital admission variables	2014-16
HouseComprec	Household composition, recoded for standard basket	various
Housingrec	Housing, recoded for standard basket	various
HousingTen09	Housing ownership or renting	2006-10
HRTMeno09	HRT and menopause	2006-10
HRV09	Heart rate variability	2006-10
htwtbmi	Anthropometry measures	various
IGF09	IGF levels	2006-10

ILSrecoded	Childhood illnesses, recoded for standard basket	various
IMT09	Carotid Intima-Media Thickness Test	2006-10
IMTC09	Carotid Intima-Media Thickness Test (continued)	2006-10
Incontinence14	Urinary incontinence	2014-16
INTrec	Interview contact status, across all timepoints	various
KeyMenopause	Key menopause and HRT variables	various
KO09	Even been knocked unconscious	2006-10
LIFEEV09	Traumatic life events	2006-10
LifeEvents15	Traumatic life events	2014-16
Loneliness14	Loneliness	2014-16
LungFunc09	Lung function (blow values)	2006-10
LungFunc8999	Lung function	1989-99
LungFunction09	Lung function (introduction)	2006-10
MaritalHistoryrec	Marital history, recoded for standard basket	various
MaritalStatus14	Marital status and history	2014-16
Marriage09	Marital status and history	2006-10
Mastery14	Mastery of life and current situation	2014-16
MedicalConditions15	General health questions on various common conditions	2014-16
Medication6369	Categorised medication use	various
Medications15	Uncategorised medication use	2014-16
MF36	Marriage and family	1982
mnour463	Maternal nourishment	1946
Neighbourhood09	Feelings about the local neighbourhood	2006-10
NewDiet50	Derived diet data	1950
NewDiet82	Filter variables, days when food eaten was recalled, rather than diarised	1982
NewDiet82nuts	Nutrients consumed	1982
NewDiet89nuts	Nutrients consumed	1989
NewDiet99nuts	Nutrients consumed	1999
NewDiet99sgrp	Supplements taken	1999
NewDiet99snco	Vitamins and minerals consumed	1999
NewDivorce	Parental age at divorce	various
nhealth	health status	1982
o13	Rothwell-Miller occupational interest scores	1961
o17	School work comparison	1962-3
o24	Work history	1962
o25	Work, habits , mental health	various
o261	Education, exams and facilities	1963
o262	Education, exams and facilities	1963
o271	Education, facilities and practical work	1963
o272	Education, facilities and practical work	1963
o34	Education, course, exams and facilities	1964
o345	Varied - education, hospital admissions, marriage and children	1965
o346	Varied - education, hospital admissions, marriage and children	1966
o347	Smoking and chest health	1966
o35	University life and future career	1964
o36	University life and future career, eye health, personality	1964
o37	University life and future career	1965
o38	University life and future career, eye health, personality	1965
o45	Schooling, attitude, homework	1962
o46	Academic background of school attended	1962
o47	Subject preferences and further education possibilities	1962

o48	Leisure activities, hobbies, personality, sleep trouble	1962
o5	School qualifications summary	1963
o59	Derived summary educational variables	various
o78	Derived summary educational variables	various
OccStatRetCls09	Employment and retirement	2006-10
OsteoArthritis99	Osteoarthritis	1999
OtherHealth09	Other health problems	2006-10
OTHPHYACT09	Other physical activity	2006-10
OutpatientTreatm.t14	Outpatient treatment	2014-16
OutpatTreat09	Outpatient treatment	2006-10
PaidVoluntaryWork14	Paid and voluntary work	2014-16
ParentalInfo	Parental information, recoded for standard basket	various
parity	Number of children had at various ages	various
PartnersRetirement14	Partner's retirement	2014-16
PBIrecoded	Parental bonding instrument, recoded for standard basket	1989
PhysAct15	Physical activity	2014-16
PhysCap09	Physical capability	2006-10
PhysCap15	Physical capability	2014-16
physfunc_perform	Physical performance	1999
PhysPerf09	Physical performance	2006-10
PhysPerf15	Physical performance	2014-16
Pollution09	Pollution	2006-10
Pollution89	Pollution	1989
Pollution99	Pollution	1999
PRNTLDTH09	Parental mortality	2006-10
PSF89	Psychiatric Symptom Frequency Scale	1989
puberty	Age at puberty	1961
PWA09	Pulse wave analysis	2006-10
PWV09	Pulse wave velocity	2006-10
RawActiheart0610	Raw actiheart activity data	2006-10
RawHomeVisit15	Only lung function variables, awaiting cleaned version	2014-6
Religion14	Religious beliefs	2014-16
relweights	Relative weight index for four year old data	1950
RespiratoryProbs14	Respiratory problems	2014-16
RespProbs09	Respiratory problems	2006-10
Retirement14	Reasons for retirement	2014-16
SAP09	Serum alkaline phosphatase	2006-10
sec_other	Derived housing quality	1950
SelfComp09	Self-completion personality and wellbeing	2006-10
SelfComp15	Self-completion personality and wellbeing	2014-16
SelfRatedHealth14	General health and any limitations	2014-16
SF3609	Short Form survey instrument, general health, effects and feelings	2006-10
SF36Derived09	Derived summary scores from the SF36	2006-10
SITAR	SITAR growth curve modelling	1961
Sleep14	Amount and quality of sleep	2014-16
smoke	Smoking status and quantity	various
Smoking09	Smoking status and quantity	2006-10
Smoking14	Smoking status and quantity	2014-16
SmokingPackYears	Derived 'pack years' quantity of smoking across various timepoints	various
SocialActivities14	Group participation and activities	2014-16
socialclass	Multiple derived social class measures	various

socialclass99	Multiple derived social class measures	1999
SocialNetworks14	Contact with friends and relatives	2014-16
SOCIOECON15	Income, assets and money worries	2014-16
SpareTimeActs09	Group participation and activities	2006-10
SpecialDiet14	Following a specified diet	2014-16
StrokeBP09	Stroke or blood pressure problems diagnosed	2006-10
SupportRec	Social support, recoded for standard basket	various
TEL0609	Telomere lengths at 60-64y and 53y	1999-2010
Testosterone09	Selected hormone levels	2006-10
THYROIDGP09	Thyroid problems and treatments	2006-10
TIA09	Symptoms of possible transient ischaemic attacks	2006-10
TWOG4	Highest educational attainment (up to 26y)	1972
VehiclesPeople14	How many people and cars in the household	2014-16
waisthip	Waist and hip circumference	1999
WaistHipRatio	Waist-hip ratios	various
Wellbeing09	Wellbeing	2006-10
Wellbeing14	Wellbeing	2014-16
womenhlth_bc	Breast cancer status	various
womenhlth_hyst	Hysterectomy status	various
womenhlth_meno	Menopause and HRT use	various
womenhlth_sleep	Menopausal transition status	various
womenhlth_uincont	Menopause and incontinence	various
WOPHRT09	Hysterectomy status and HRT use	2006-10
x05	Derived school absences	various
x29	Varied - education, hospital admissions, marriage and children	1968
x34	University education	1967
x35	Employment and aspects of a future career	1967
x36	College education, employment and aspects of a future career	1967
x37	Other education and qualifications	1967
x64	Employment and occupation	1972
y012	Leaving school, evening classes and first job	1963
y013	Leaving school, evening classes and first job	1963
y014	Employment and training	1964
y015	Derived early employment and training summaries	1957-64
y10	Childhood respiratory infections and school absences	1948-53
y12	Primary school habits, attitude and health	1952-61
y13	Teenage personality and attitude to school	1956-61
y17	Summary school absences	1952-6
y18	Childhood cardiac issues	1952-61
y19	School doctor reports	1952-7
y20	The parents' child-raising style and state of the home	1950-61
y23	Common childhood infections, tonsils	1952-61
y24	Hearing and eyesight in childhood	1950-61
y27	Size of family, family planning and puberty	1950-61
y28	Milestones, assorted anthropometry (largely superceded)	1948-61
y29	Future job and career	1961
y30	Pollution, childhood sleeping arrangements	1948-62
y34	Parents characteristics and involvement	1948-1961
y35	Parental work and education levels	1948-61
y36	Household size at various ages	1948-61
y37	Births of siblings post-1946	1961

y38	Parental illness	1961
y39	Housing repair, crowding and amenities	1948-61
y45	Education and potential career	1956-61
y46	Educational test scores	1954-61
y47	Senior schooling and attainment	1954-64
y48	Senior schooling, attitude and attainment	1959-61
y49	Education, hobbies and activities	1953-61
y50	Personality and reading questionnaire	1972
y51	Parental education, dexterity	1961-72
y54	Social class and future happiness	1972
y55	Clubs and societies, political views	1972
y56	Miscellaneous - habits, schooling, sleep problems	1954-61
y60	Respiratory conditions, current employment	1971
y61	Spouse's schooling, relatives' careers	1972
y62	Housing and household composition, general health	1972
y63	Siblings, work and training, religion	1972
y64	Work - earnings and other benefits	1972
y65	Further income questions	1972
y66	Details of work and job status	1972
y67	Further employment questions, duties and roles	1972
y68	Parental break-up and remarriage	1972
y69	Psychiatric profile	1982
y70	Marriage and children	1982
y71	Where living	1948-72
y73	Accidents and injuries	up to 1972
y75	Birth control	1972
y76	School exam results and further study	1972
y77	Which forms were completed	various
y78	Spouse's further education	1972
y79	Job stress	1972
y82	Breast or bottle fed sub-study: anthropometry, diet and general health	1972
y83	Breast or bottle fed sub-study continued	1972
y84	Hospital admissions - full summaries	1946-72
y85	Training and apprenticeships	1962-72
y87	Time off work through illness	1970
y88	Social class of family members	1972
y89	Major illness and time off work	1961-72
y90	Marital status, children	1977
y91	Work, contraception, smoking	1977
y92	General health (headache, back, joints, stomach) and exercise	1977
y95	Early work history - summary	1961-77
y96	Miscellaneous health - fits, speech, asthma	1952-61
y97	Miscellaneous - general health, interview details, home situation	1950-61
y98	Maudsley Personality Inventory, school amenities	1957-9
y99	Stress, family breakups, teacher's assessment of personality	various
